The exhibitor shall be responsible for the content of its entries.

35. Sound/Music/Noise

- In general, exhibitors may use sound equipment in their booths so long as the noise level does not, in the exclusive judgment of show management, disrupt the activities of neighboring exhibitors. Speakers and other sound devices should be positioned so as to direct sound into the booth rather than into the aisle.
- Sound and noise should not exceed 85 decibels when measured from the aisle immediately in front of a booth.

- Exhibitors should be aware that music played in their booths, whether live or recorded, may be subject to laws governing the use of copyrighted compositions. ASCAP, BMI, and SESAC are three authorized licensing organizations that collect copyright fees on behalf of composers and publishers of music. - Suitcasing is defined as any activity designed to solicit or sell products or services to delegates attending a meeting, conference, or event without the proper authorization by show management or in ways that violate the rules of the event. Any attendee who is observed to be soliciting business in the aisles or other public spaces, in another company's booth, or in violation of any portion of this policy, is subject to removal without refund and additional penalties.
- The selling or solicitation of product or services may only be conducted by companies in good standing, within their exhibit space, confirmed meeting or conference space or within the event as authorized by show management. Companies conducting business outside the confines of the exhibit hall, booth location or in unauthorized properties within [state restriction—include metrics if needed] of the exhibit facility without the permission of show management are in violation of this clause.

- Booth vehicles must be set back 10 inches (.26 meters) from the aisle to prevent damage from aisle carpet installation.
- The flooring underneath the vehicle must be completely covered and protected.
- Once placed, display vehicles cannot be started or moved without the approval of show management and the direction of the general service contractor.
- All vehicles on display require a permit from the local County Fire Department.

Linear, Corner, & Perimeter Booths

- Linear booths, also called “in-line” booths, are generally arranged in a straight line and have neighboring exhibitors on their immediate right and left, leaving only one side exposed to the numbered aisle.
- Corner booths must adhere to the same guidelines as linear booths with the exception that two sides will be exposed to the aisle.
- Perimeter booths are linear booths that back up against a wall of the facility, not to another line of exhibits.

Dimensions:

- Linear, Corner & Perimeter booths are commonly ten feet (10') wide and ten feet (10') deep, i.e., 10' x 10'.
- The maximum back wall height limitation is eight feet (8') for Linear & Corner booths and twelve feet (12') for Perimeter booths.

Use of Space – Line of Sight Rule:

- Line of Sight is required in **ALL** linear, perimeter and corner booths for a maximum height of 8'.
- All exhibit components along with the sidewalls and back wall must be completely finished, painted, and with no exposed wires or framing visible. Show management reserves the right to determine whether a wall is finished and may order draping of exposed sides at the exhibitor's expense.
- Structures with double-sided signs, including signs that are backlit, are **NOT** permitted in a line-of-sight configuration under the Line of Sight Guidelines. If an exhibitor has such a booth, the exhibitor is responsible for covering the back of the exhibit components. Backlit signage must be covered with a black-out material.
- Keep a consistent line of sight. You cannot go higher than 4' within the front 5' of depth of the booth to avoid obstructing the view of adjoining exhibitors. This applies to all single and multiple booths set up in a straight line.

Signage Regulations

No banners and/or signage will be hung above a booth unless it has been approved by Show Management.

Size and Height Restrictions

Overhead Banners are not permitted for Inline, Corner and Linear Booths.

Exhibit Displays

Display areas should be arranged in a manner so as not to obstruct sight lines of neighboring exhibitors. They also must be organized within the exhibitor's space so as not to interfere with any traffic down the aisle. Should attendees interfere with the normal traffic flow in the aisle or overflow into neighboring exhibits, Show Management will require that the display be moved further into the booth space or removed entirely.

Intent

The aisles are the property of the entire show, and each exhibitor has the responsibility to assure proper flow of traffic. When large crowds gather and interfere with the flow of traffic down the aisles or crowd in neighboring booths, it is an infringement on the rights of other exhibitors. Aisles must not be obstructed at any time.

Storage

Fire regulations prohibit storing product, literature, empty packing containers, or packing materials behind back drapes/hard walls or under draped tables. In most cases, however, exhibitors may store a limited supply of literature or product appropriately within the booth area, so long as these items do not impede access to utility services, create a safety problem, or look unsightly.

Fire Code Regulations

All exhibit materials (including chairs) must be kept out of the aisles. Booth materials must be flame retardant to the satisfaction of the Fire Marshal by a flame-retardant certification or ability to pass on-site flame test. See the Fire Regulations section within this manual for more information.

Island Booths

- Island booths are any size booth exposed to aisles on all four sides.

Dimensions:

- Island booths are typically twenty feet (20') by twenty feet (20') or larger, although it may be configured differently.

Use of Space - Cubic Content Rule:

- The entire cubic content of Island booths may be used up to the maximum allowable height of 20' (including signage).
- Island booths may be used up to the maximum allowable height of 20' (including signage).

Canopies and Ceilings

Canopies, including ceilings, umbrellas and canopy frames, can be either decorative or functional (such as to shade computer monitors from ambient light or to allow for hanging products).

The bottom of the canopy should not be lower than 8 feet (2.44 meters) from the floor within 5 feet (1.52 meters) of any aisle. Canopy supports should be no wider than three inches (.08 meters). Fire and safety regulations in many facilities strictly govern the use of canopies, ceilings, and other similar coverings. Please contact Emerald if your exhibit is composed of any ceiling treatment.

Hanging Signs and Graphics

Hanging signs and graphics are permitted in all Island booths, to a maximum height of twenty feet (20') as measured from the floor to the top of the sign. End-cap and linear booths do not qualify for hanging signs and graphics. Whether suspended from above or supported from below, they should comply with all ordinary use-of-space requirements. For example, the highest point of any sign should not exceed the maximum allowable height for the booth type.

If your booth structure is below the vertical height of 20ft' for an **Island** and you have a larger banner, please submit banner and booth structure for approval.

Drawings should be submitted with the approval request and available on-site for inspection.

Size Regulations on Signs & Banners

Hanging signs are allowed in island booths only, with a height limited of 20' from the exhibit floor to the top of the sign. Hanging signs must remain completely within the confines of the exhibit space. Hanging signs are not allowed in peninsula or linear booths. There is a charge for labor and equipment on all hanging signs.

Structural Integrity

All hanging signs must have drawings available for inspection by Show Management at all times. Drawings must include a signature or stamp of a structural engineer indicating reviewing that stress points for hanging the sign have been properly engineered. The signature of an authorized official of the exhibit building company is also required, indicating that the structure is built in compliance with the details and the specifications set forth on the drawings.

(NOTE: Exhibitors are encouraged to use lightweight materials in the construction of a hanging sign to eliminate excessive stress to the facility ceiling structure.)

Multi-Level Exhibits

A Multi-story exhibit is a booth where the display fixture includes two or more levels. A multi-storied exhibit requires prior approval by the exhibit facility, and/or relevant local government agency, as well as show management because it is deemed to be a "structure" for building purposes. All Multi-Level and Covered exhibits require a plan that is signed, sealed (with official seal) and dated by a registered architect or engineer and a certificate of flame-retardant materials submitted to show management and the facility at least 60 days in advance.

Platforms

Equipment and viewing platforms are not limited in height, but the platform may not exceed the height of the equipment.

Towers

A tower is considered a freestanding exhibit component separate from the main exhibit fixture that is used for identification and display purposes only.

Towers will be permitted to a height and depth that correspond to the height regulations for the appropriate exhibit configuration of which they are a part. For example, towers that are part of an island exhibit will not exceed 20 feet.

Americans with Disabilities Act (ADA)

Exhibiting companies are required to be in compliance with the Americans with Disabilities Act (ADA) and are encouraged to be sensitive and as accommodating as possible. For additional information, go to: www.usdoj.gov/crt/ada/infoline.htm.

Fire and Safety Regulations

All construction materials used in your booth design must be made from certified fire-retardant materials. Each exhibitor is asked to have available on-site both samples for testing and flame proofing certificates for inspection.

Electrical

Outlined within your Exhibitor Manual are the specific facility electrical requirements. Please read these requirements carefully and contact the facility-engineering department with special needs or considerations.

Common considerations include:

- * All 110-volt wiring should be grounded three wires.
- * All wiring that touches the floor must be a minimum of 14-gauge/three wire flat cord insulated to qualify for "extra hard usage".

Motor Vehicles

Motor Vehicles for display are permitted subject to the following criteria: No more than 1/8-tank full or five gallons (include metric), whichever is less, is permitted per vehicle. Tanks cannot be refueled or emptied inside the Center. Fuel tanks must be equipped with a locking gas cap and taped. Batteries must be completely removed. During non-show hours, vehicles must be locked. No repairs or alterations may be made on vehicles. Fire extinguishers, in appropriate numbers and classifications, must be provided by exhibitors. Vehicles must have floor covering installed beneath the vehicle. All vehicles on display require the local County Fire Department permit. Keys for the vehicle must remain on site.

Portable Electric Generators

These devices are **not** permitted in the Convention Center.

EDspaces does not provide any type of insurance coverage for the property and/or personnel of exhibiting companies. Exhibitors must maintain insurance that meets the requirements below and provide proof to EDspaces prior to the show. [Click here](#) to electronically upload your insurance documents.

To protect your property and staff we suggest taking the following steps:

Property Insurance

Contact your insurance broker or carrier to obtain a policy to cover the value of your booth, equipment, product and supplies. If you already have property insurance, confirm that it will extend to your property during shipping and at the show. Many insurance policies only cover property at a listed location or within 1,000 feet of that location. If you use an independent contractor for installation or dismantling, review the agreement carefully to determine what insurance may be available if damage occurs as a result of their negligence.

Insurance Requirements

As stated in your Exhibit Space Agreement, an exhibitor shall, at their own expense, secure and maintain through the term of this contract, including move-in and move-out days, the insurance listed below. Use a ladder, not a chair. Standing on chairs, tables and other rental furniture is unsafe and can cause injury to you or to others. These objects are not designed to support your standing weight.

Be aware of your surroundings. You are in an active work area with changing conditions during move-in and move-out. Pay attention. Look for obstacles, and machinery and equipment that are in use.

Keep your eyes open for scooters and forklifts. The drivers of these vehicles may not be able to see you.

Stay clear of dock areas, trucks and trailers. These areas can be particularly dangerous.

Prevent electrical shocks, falling items and damage to materials. Do not attach items or equipment to the drapes or metal framework provided for you booth. This can cause serious injury or damage to materials.

Children under the age of 16 are not allowed on the show floor at any time during installation and/or dismantle.

If any materials you are shipping to the event fall into this category, please contact Freeman to be sure that the material will be allowed at the facility and by the association. Interested in going green and saving money?

Follow these tips to make sure your sustainable booth strategies are cost-neutral or even cost-saving! Leave an impact on the show floor, not the environment.

1 *booth structure*

Option 1 Multiple Use

Use **Forest Sustainable Certified (FSC)** wood to build your booth and crates.

Get creative! Design your booth with a **small shipping footprint** to minimize carbon emissions. Freeman's eye-catching stretch-fabric booth designs pack up small (and light!) for shipping.

Option 2 One-time Use

Rent locally from nearby Freeman offices to reduce both shipping costs and carbon emissions.

2 *carpet*

Option 1 Rent

Rent rather than buy carpet to save on shipping, cleaning, and storage. Freeman Classic carpet can be reused at least four times.

Option 2 Color

Use darker-colored carpet, which is easier to reuse and recycle. Freeman Classic dark-colored carpets are made of 20-50 percent recycled content.

3 *shipping*

Online + before deadline = better bottom line. Take advantage of early-bird pricing and consolidate shipping when ordering supplies.

Choose reusable shipping padding. Avoid packing peanuts and foam plastic materials that never decompose.

Ship early. Use the 30-day policy to ship materials to the Freeman advance warehouse.

4 *graphics*

Option 1 Multiple Use

Print on a durable substrate **without dates, event names, or locations.**

Option 2 One-time Use

Print on 100 percent recyclable materials like Freeman Honeycomb and Smartbuild Eco, which are just as cost-effective as PVC.

5 *printing*

Reduce printing and **go digital** with your booth literature.

Print locally. Supporting local businesses while reducing shipping? It's a win-win.

Print on at least **50 percent post-consumer recycled paper.**

6

ON SITE

save energy

Use Energy Star-rated equipment for audio-visual equipment and monitors.

Power down. Turn off equipment at the end of each day.

Light up your booth with CFLs, LEDs, or other energy-efficient lighting.

MOVE OUT

train your team

Educate your installation and dismantling teams about **recycling and donation processes**.

8

shipping out

Pack in, pack out.

Leave no traces on show site.

Join a caravan.

If you're shipping directly to another show, ask **Freeman Transportation** about **joining a caravan** to your next show.

RESTRICTIONS ON WOOD PACKING MATERIAL

The United States Department of Agriculture (USDA) Animal and Plant Health Inspection Service (APHIS) has revised its import regulation for wood packaging materials (WPM), 7 CFR § 319. The final rule was effective September 16, 2006 with full enforcement began July 5, 2006.

The regulation restricts the importation of many types of untreated wood articles, including wooden packaging materials such as pallets, crates, boxes, and pieces of wood used to support or brace cargo. The regulations currently refer to these types of wood packaging materials as solid wood packing materials, defined as "wood packing material other than loose wood packing material, used or for use with cargo to prevent damage, including, but not limited to, dunnage, crating, pallets, packing blocks, drums, cases, and skids." Any WPM not meeting the treatment specifications of this rule will be immediately re-exported.

The rule states that regulated wood packaging materials must be marked in a visible location on each article, preferably on at least two opposite sides of the article, with a legible and permanent mark that indicates that the article meets the new requirements. Paper treatment certificates will continue to be accepted until July 5, 2006. Should you have any questions regarding the wood packing material used for your exhibit, please consult your local Phoenix agent, in house freight forwarder, or packing and crating company. Additional information on this subject can be found on the USDA Website: <http://www.aphis.usda.gov/lpa/issues/wpm/wpm.html>

WHAT ARE FREIGHT SERVICES?

.....

As the official service contractor, Freeman is the exclusive provider of freight services. Material handling includes unloading your exhibit material, storing up to 30 days in advance at the warehouse address, delivering to the booth, the handling of empty containers to and from storage, and removing of material from the booth for reloading onto outbound carriers. It should not be confused with the cost to transport your exhibit material to and from the convention or event. You have two options for shipping your advance freight — either to the warehouse or directly to show site.

HOW DO I SHIP TO THE WAREHOUSE?

- We will accept freight beginning 30 days prior to show move-in.
- To check on your freight arrival, call Exhibitor Services at the location listed on the Quick Facts.
- To ensure timely arrival of your materials at show site, freight should arrive by the deadline date listed on the Quick Facts. Your freight will still be received after the deadline date, but additional charges will be incurred.
- The warehouse will receive shipments Monday through Friday, except holidays. Refer to the Quick Facts for warehouse hours. No appointment is necessary.
- The warehouse will accept crates, cartons, skids, trunks/cases and carpets/pads. Loose or pad-wrapped material must be sent directly to show site.
- All shipments must have a bill of lading or delivery slip indicating the number of pieces, type of merchandise and weight.
- Shipments received without receipts or freight bills, such as Federal Express and UPS, will be delivered to the booth without guarantee of piece count or condition.
- Certified weight tickets must accompany all shipments.
- Warehouse freight will be delivered to the booth prior to exhibitor set up.

HOW DO I SHIP TO SHOW SITE?

- Freight will be accepted only during exhibitor move-in. Please refer to the Quick Facts for the specific exhibitor move-in dates and times.
- All shipments must have a bill of lading or delivery slip indicating the number of pieces, type of merchandise and weight.
- Shipments received without receipts or freight bills, such as Federal Express and UPS, will be delivered to the booth without guarantee of piece count or condition.
- Certified weight tickets must accompany all shipments.

WHAT ABOUT PREPAID OR COLLECT SHIPPING CHARGES?

- Collect shipments will be returned to the delivery carrier.
- To ensure that your freight does not arrive collect, mark your bill of lading “prepaid.”
- “Prepaid” designates that the transportation charges will be paid by the exhibitor or a third party.

HOW SHOULD I LABEL MY FREIGHT?

- The label should contain the exhibiting company name, the booth number and the name of the event.
- The specific shipping address for either the warehouse or show site is located on the Quick Facts.

HOW DO I ESTIMATE MY MATERIAL HANDLING CHARGES?

- Charges will be based on the weight of your shipment. Each shipment received is billed individually. All shipments are subject to reweigh.
- On the Material Handling Form, locate the rate that applies to your shipment and multiply that rate by the weight of your shipment in pounds.
- The above services, whether used completely or in part, are offered as a package and the charges will be based on the total inbound weight of the shipment.

WHAT HAPPENS TO MY EMPTY CONTAINERS DURING THE SHOW?

- Pick up “Empty Labels” at the Freeman Service Center. Once the container is completely empty, place a label on each container individually. Labeled empty containers will be picked up periodically and stored in non-accessible storage during the event.
- At the close of the show, the empty containers will be returned to the booth in random order. Depending on the size of the show, this process may take several hours.

HOW DO I PROTECT MY MATERIALS AFTER THEY ARE DELIVERED TO THE SHOW OR BEFORE THEY ARE PICKED UP AFTER THE SHOW?

- Consistent with trade show industry practices, there may be a lapse of time between the delivery of your shipment(s) to your booth and your arrival. The same is true for the outbound phase of the show — the time between your departure and the actual pick-up of your materials. During these times, your materials will be left unattended. We recommend that you arrange for a representative to stay with your materials or that you hire security services to safeguard your materials.

HOW DO I SHIP MY MATERIALS AFTER THE CLOSE OF THE SHOW?

- Each shipment must have a completed Material Handling Agreement in order to ship materials from the show. All pieces must be labeled individually.
- To save time, complete and submit the Outbound Shipping Form in advance, or you may contact the Freeman Service Center at show site for your shipping documents.
- Once we receive your outbound shipping information we will create your Material Handling Agreement and shipping labels. If the shipping information is provided in advance, the Material Handling Agreement will be delivered to your booth with your invoice. Otherwise the Material Handling Agreement and labels will be available for pick up at the Freeman Service Center.
- After materials are packed, labeled, and ready to be shipped, the completed Material Handling Agreement must be turned in at the Freeman Service Center.
- Call your designated carrier with pick-up information. Please refer to the Quick Facts for specific dates, times and address for pick up. In the event your selected carrier fails to show by the final move-out day, your shipment will either be rerouted on Freeman's carrier choice or delivered back to the warehouse at the exhibitor's expense.
- For your convenience, approved show carriers will be on site to book outbound transportation if you have not made arrangements in advance.

WHERE DO I GET A FORKLIFT?

- Forklift orders to install or dismantle your booth after materials are delivered may be ordered in advance or at show site. We recommend that you order in advance to avoid additional charges at show site. Refer to the Rigging Order Form for available equipment.
- Advance and show site orders for equipment and labor will be dispatched once a company representative signs the labor order at the Freeman Service Center.
- Start time is guaranteed only when equipment is requested for the start of the working day.

DO I NEED INSURANCE?

- Be sure your materials are insured from the time they leave your firm until they are returned after the show. It is suggested that exhibitors arrange all-risk coverage. This can be done by riders to your existing policies.
- All materials handled by Freeman are subject to the Terms and Conditions, which can be found in the exhibit service manual or online at www.freeman.com.

Accent Tables

Tables and Meeting Rooms

When you want to facilitate more in-depth conversations and provide work surfaces, be sure to use appropriately-sized tables. As always, create generous aisleways between meetings spaces; this will help individuals feel comfortable networking.

CUSTOMER GUIDELINES FOR SUBMITTING GRAPHICS ARTWORK

Our goal is to provide you with the best possible quality graphics for your event or exhibit. You can help us in that effort by providing digital art files using the following guidelines. If you are sending us completed, print-ready files, please pass the following information on to your graphics designer or art department. Artwork must be submitted in the proper resolution and/or file size to produce quality images. Please provide proper color matching information and proofs to ensure accurate color reproduction.

PLEASE PROVIDE THE FOLLOWING WHEN SUBMITTING ART

RASTER ART (photos, logos containing any continuous tone images):

- Art submitted at 1:1 (100%), resolution should be no less than 60 dpi (100 dpi preferred)
- Art submitted at 2:1 (50%), resolution should be no less than 120 dpi (200 dpi preferred)
- Art submitted at 4:1 (25%), resolution should be no less than 240 dpi (400 dpi preferred)

VECTOR ART:

- Logos should be vector and have outlined fonts (if provided as bitmap, please use high-res images)

FONTS and LINKS

- Supply all fonts used in your design (zip Mac fonts). If unsure how to collect fonts, convert them to outlines
- Supply all links used in your document. Use packaging feature if available. If unsure how to collect links, embed them in the file when saving.

COLOR

- If PMS color matching is required, please use original Pantone + Solid Coated swatches in your artwork. Modifying Pantone names will result in printing default color (CMYK)
- CMYK artwork will be produced "As Is". Our color output is balanced and vibrant.
- Convert RGB art to CMYK if possible.
- If you are sending Certified Color Proofs (Gracol, Swop, Fogra), please provide ICC file information used to print your samples. Best option would be to include ICC chart on your prints.

ARTWORK IN THE STRUCTURE

- Please note that any panels going in the metal frame will hide 1/4" of your art all the way around. If you have a continuous wall where individual panels are divided by metal, use 1.25" spacing in between each panel to account for gaps and the natural flow of the graphics.

ACCEPTABLE FILE SOFTWARE

We are capable of working with both PC and MAC based software, and can accept art created with the ADOBE Creative Suite - Illustrator, InDesign, and Photoshop

Always provide the following:

- Native files with fonts and links (zipped)
- High-res PDF-X/4 exports of the files

ACCEPTABLE FILE TYPES and SUPPORT FILES

NATIVE FILES:

- AI CLOUD (CC) file with Packaged supporting links and fonts. You may keep images linked but Packaging feature must be used.
- AI (CS6, CS5, CS4...) file with embedded links and outlined fonts
- EPS file with embedded links and outlined fonts
- INDD file with Packaged supporting links and fonts

PRINT FILES:

- High-res PDF-X/4 (preferred)
- AI with PDF content (choose this option when saving file)
- EPS files with embedded links and outlined fonts

RASTER OR BITMAP ART:

- Photoshop EPS (preferred, use 8-bit preview, Max, Quality JPG compression)
- PSD (make sure font layers are rasterized)
- TIFF, JPG (quality 8 and higher)

Mac users: Use Zip or Stuffit programs when submitting fonts other than OTF (Open Type Fonts)

WAYS TO SEND ARTWORK

Exhibitor Terms and Conditions

This confirms the following Agreement between _____ (herein referred to as Lessee), and **Three Rivers Entertainment, Inc.** (Herein referred to jointly and severably as TREP). TREP agrees to rent LESSEE equipment described on the attached equipment list (Herein referred to as "Equipment") subject to the following Terms and Conditions:

1. **RENTAL** - Rental prices do not include labor, delivery, set up or electrical services.
2. **INDEMNIFICATION AND RISK OF LOSS OR DAMAGES** - It is understood and agreed that LESSEE is renting equipment for a specified period of time and is responsible for its safe return. All "Equipment" must be returned to TREP in the same condition as it was in at the time of delivery. LESSEE hereby agrees to be billed for any "Equipment" damaged in any way, or lost, prior to being safely returned to TREP. It is understood that LESSEE assumes liability for any and all personal injuries or damage to property that occur at Engagement including, but not limited to, those caused by any guests, employees, contractors or participants at Engagement. LESSEE shall indemnify, defend and hold TREP, its agents, employees and performers harmless from and against all claims, losses, liabilities, costs, expenses, obligations, and damages including, without limitation, litigation costs and reasonable attorneys' fees sustained, incurred or required to be paid by TREP that relate to or arise out of this Agreement. LESSEE further agrees to assume responsibility for any and all attorneys' fees and other legal expenses incurred by TREP to enforce this Agreement with respect to the conditions stated above. LESSEE authorizes TREP to charge LESSEE's credit card for any damaged or missing equipment and agrees to waive it's right to dispute such charges. LESSEE agrees to name TREP as additionally insured for loss and/or damage to "Equipment" as well as for death, injuries and all other liabilities for a minimum of \$1,000,000.00 (One Million US Dollars.) LESSEE agrees to email Certificate of Insurance naming TREP as additionally insured to events@3riversentertainment.com or fax to 412.224.4408 prior to delivery of equipment.
3. **LIMITATION OF LIABILITY** - In recognition of the relative risks and benefits of the Engagement to both the LESSEE and TREP, the risks have been allocated such that the LESSEE agrees, to the fullest extent permitted by law, to limit the liability of TREP to the LESSEE for any and all claims, losses, costs, damages of any nature whatsoever or claims expenses from any cause or causes, including attorneys' fees and costs and expert witness fees and costs, so that the total aggregate liability of TREP to the LESSEE shall not exceed TREP's total fee for services rendered. It is intended that this limitation apply to any and all liability or cause of action however alleged or arising, unless otherwise prohibited by law.
4. **CANCELLATIONS/WAIVER OF DISPUTES** – All Equipment rental fees are non-refundable. LESSEE's Credit Card will be charged immediately upon receiving the signed order. All fees are 100% non-refundable. LESSEE waives it's right to any dispute process that is offered by LESSEE'S credit card company or financial institution.
5. **PAYMENT TERMS** - Full payment, including any applicable tax and a 10% credit card fee is due at the time services are ordered. All payments must be in U.S. dollars. Orders received without advance payment or after the deadline date will incur additional charges as indicated on the order form. It is LESSEE'S responsibility to immediately advise a TREP technician of any problem with any piece of Equipment. If you are exempt from payment of sales tax, TREP requires you to forward an exemption certificate for the State in which the services are to be used along with your rental. Failure to provide your tax exempt certificate will result in a non-refundable sales tax charge on your order. Additional service charges and/or labor charges may be assessed for installations that are unusual or labor intensive. Service may be interrupted if any payment is not received in full. There is a 50.00 charge, plus any other applicable expenses, to reprocess the method of payment submitted for a rental if your credit card is declined.

OUTSIDE FOOD AND BEVERAGE

No food or beverage of any kind may be brought into or removed from the location by either client or client's guests without prior written approval.

EVENT TIMELINE

Prices are based on two-hour breakfast service or lunch service or three-hour dinner service. Additional service time may be subject to additional labor fees. Event start or end times that deviate more than thirty minutes from contracted times may be charged additional labor fees. In order to provide the freshest food, we must limit buffet service to two hours.

OVERSET POLICY

Levy Convention Centers will provide a 5% oversight up to 1,000 guests (maximum over-set of 30 guests). There will be an additional \$150.00 charge for each over-set of 20 guests. This oversight does not include food preparation but simply the additional staff to set and service additional place settings.

SERVICE STAFF

Guest to server ratio is 1 server per 20 guests for plated meal functions and 1 server per 50 guests at buffet functions. This is for service at rounds of ten or twelve. Rounds of less than ten guests or a request for additional staffing is subject to labor fees. Each additional staff is charged at a four-hour minimum of \$150.00 per four-hour shift. Additional labor charges may apply for holiday events.

PRICING

Please note that all food, beverage and related items are subject to an 22% administrative charge plus 7% sales tax unless otherwise noted. This service charge is not a tip or gratuity and is not distributed to service employees. Additional payment for tips or gratuity for service, if any, is voluntary and at your discretion. Prices are subject to change without notice. Guaranteed prices will be confirmed 60 days prior to the event. Orders placed or counts increased within 72 hours (3 business days) of service will be charged 10% higher pricing than published menu prices. Events over 2,000 guests may require specialized menus and our culinary staff is happy to customize the perfect menu for your event.

CANCELLATIONS

Any event cancelled within 30 days prior to the event will incur 100% of the estimated charges. Please note, for specialty menus or items, a longer window of cancellation may be necessary.

CONTRACTS AND CATERING AGREEMENT

A signed copy of the contract outlining all catering services will be provided along with a Catering Agreement. The signed contracts state terms, addendum, and specific function sheets constitute the entire agreement between the client and Levy Convention Centers. Secondary agents, acting on behalf of the primary client receiving services, may sign the contract on their behalf only with full payment in advance and an approval line of credit for additional orders. Any changes, revisions, additions or deletions to the banquet contract and banquet event orders shall be in writing and signed by both parties.

PAYMENT

We will not commence service without the receipt a NONREFUNDABLE DEPOSIT in the amount of seventy-five percent (75%) of the estimated event price at least sixty (60) full calendar days prior to the event, and the remaining twenty-five percent (25%) of the estimated event price at least fourteen (14) full calendar days prior to the event (collectively, the "Deposit"). Outstanding event price balances shall be paid within thirty (30) full calendar days of the event provided billing privileges have been previously approved in writing through the General Manager's office. Client understands that we will suffer substantial harm if Client cancels the event. Accordingly, the deposit will be in all cases NON-REFUNDABLE and deemed to be liquidated damages to compensate us for the loss due to Client's cancellation.

GUARANTEES

A guaranteed number of attendees/quantities of food is required 7 business days, prior to the event date for functions of 1,000 guests or less (a business day is defined as Monday through Friday and Holidays and Weekends are excluded from receiving guarantees). This guarantee must be submitted by noon. If the guarantee is not received, Levy Convention

Centers reserves the right to charge for the number of persons/quantities specified on the contracted event order. Cancellations and reductions of guarantee are subject to full charges. Attendance higher than the guarantee will be charged the actual event attendance. Should attendance exceed the number specified in the final guarantee, Levy Convention Centers will neither be responsible nor liable for serving these additional numbers but will do so on a first come, first serve basis as able. Guarantees increased less than 72 business hours prior to an event will be subject to a 10% increase on the price for each additional guest or increase. All groups over 1,000 guests require an initial guarantee 30 days prior to the event and final guarantees must be received 7 business days prior to the event. Client agrees that there will be no reduction in the Event Price if fewer than the guaranteed attend the event. Minimum Guarantee - A 100.00 service fee will be charged per function for any guarantees under 25 guests.

MENU

Menu selections and other details pertinent to your functions must be submitted to the Catering and Sales Department at least (30) days prior to the function date. Your Catering Manager will assist you in selecting the menu items and making arrangements to ensure a successful event.

BEVERAGE SERVICES
